

*Children International
doesn't just alleviate
the symptoms of poverty;
we put kids on a
path out of it!*

**As a sponsor, you'll
help provide the
solution to poverty:**

A life-changing approach
with lasting impact

You'll give a deserving child three
essential elements:

A SAFE PLACE

CI community centers with incredible
resources like health services,
libraries, computer labs and more.

A TEAM

Doctors, dentists, tutors, volunteers
and amazing staff who provide
expert care. You're on your child's
team, too, providing encouragement
and investing in her future.

A PATH OUT OF POVERTY

Our all-encompassing development
programs steer kids toward health,
education, empowerment and
employment.

**Poverty is a big
problem – but not
unbeatable!**

More than half the world's kids live in
poverty. And it's usually generational,
which means it's almost impossible for
them to break the cycle on their own.

*but you can help!

we are an
unstoppable
force
for good!*
